**Culture and
the Arts**

Clay Feet began in 2001 as the shared aspiration of a group of ceramics students to create opportunities for emerging artists to showcase their work in both traditional and non-traditional spaces. Since then Clay Feet has evolved to a group of artists living and exhibiting throughout Australia.

We come from all walks and stages of life, with several of us involved in educational centres as students, teachers and technicians.

Our work is as diverse as our backgrounds and due to the artists varying expressions our exhibitions display a wonderfully diverse range of fresh and vibrant work.
